ONE OF THE BEST OF CAMPAIGN

Speaking was a Magnificent Spectacle...The Sensible and Convincing Argument of Mr. Shayne-Mr. Randall's Talk Was Well Received-Mr. Henry Baer Presided.

Saturday night's parade and meeting of the Wheeling Republicans was the most successful of the campaign. The speakers were listened to by an immense crowd of interested spectators, who drank in the sound marguments advocating sound money and sound tariff, until within one hour of the capitol clock's striking tweive. This in f a drizzling rain. The enthusasm dsplayed was the greatest of any of the successful meetings so far held by the Republicang.

The speaking took place from a stand licans had spent the day in decorating the stand and the surroundings and they did their work well. At night with the countless swaying Chinese lan-terns strung up on every side, that portion of the city seemed dressed in

escort preceding the meeting was one line of gally uniformed men, walking in well drilled squads beneath the light of burning red fire and gleam-ing torches, and the thousands throngthe streets sent up cheer after er as each club came along to the sic of fies and drums. Mr. Haer's Remarks. -Prior to introducing the distinguished gentlemen who have nov

ship of state into Republican hands. The gentleman is a large employer of labor, thoroughly believes that a laborer is worthy of his hire, and is, therefore, a strong advocate of 'the reinstatement of the conditions that enable all employers to maintain, and to pay the highest wages known in the world. This being the case, he is an ardent advocate of the principles deficient in the Republican national, platform, both as to tariff and to the money question, for he does not believe in repudiating in any manner, shape or form, being, as I have before raid, a business man, and believing that this is a business campaign, he friely gives his time and voice in behalf or national honor and national prosperity-I take pleasure in presenting to you, Mr. C. C. Shayne, of New York City.

Mr. Shayne's Speech.

"Thirty years ago I was a commercial traveler from Cincinnati. I traveled Thirty years ago I was a commercial traveler from Cincinnati. I traveled through the states of West Virginia, Kentucky, Indiana and Ohio, and most of the time on the Ohio river from Wheeling to Henderson, Ky. I Tremember the old steamboats "R. R. Hudson," Ohio No. 3" and other boats which were popular in those days—with the traveling public, and I have a pleasant recollection of the many happy—days I spent on the Ohio river. Among the cities which I visited, there was mone cities which I visited, there was more that I appreciated more than Whieeling, and when I decided to make a few speeches in cities outside of the state of New York, I selected Wheeling as one of them, and I really feel at home to-night in the old stampling ground of thirty years ago. There is a friendship which draws men together and some, of the best friends that I have in the world are among those with whom I became acquainted during the six or seven years I traveled in this section, and although there are no kindred ties, yet the Virginia and Kentucky people seem fo me like kin folks, It is a long distance to come from New York to Wheeling to make a speech, but I would be willing to go to San Francisco II I thought it necessary to secure the election of Mc-Kinley and Hobart.

Gladness Comes

Gladness Comes
With a better understanding of the
transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasantefforts—
rightly directed. There is comfort in
the knowledge, that so many forms of
sickness are not due to any actual discase, but simply to a constipated condition of the system, which the pleasant
family laxative, Syrup of Figs, promptly removes. That is why it is the only
remedy with millions of families, and is
everywhere esteemed so highly by all
who value good health. Its beneficial
effects are due to the fact, that it is the
one remedy which promotes internal
cleanliness without debilitating the
organs on which it nots. It is therefore
all important, in order to get its beneficial effects, to note when you purclase, that you have the genuino article, which is manufactured by the California Fig Syrup Co. only and sold by
all reputable druggists.

If in the enjoyment of good health,
and the system is regular, laxatives or
other remedies are then not needed. If
afflicted with any actual disease, one
may be commended to the most skillful
physicians, but if in need of a laxative,
one should have the best, and with the
well-informed everywhere, Syrup of
Figs stands highest and is most largely
seed and gives most general satisfaction.

sadly pushed across the goal lines on Saturday afternoon by Lafayette's ma-roon and white. Six touchdowns with a total of thirty-four points to the zero of the University, tell how fast was the playing of the eastern collegians. On Friday at Parkersburg the West Vir-

Rinehart kicked off for Lafayette, Kunst catching the ball. W. V. U. lost the ball on downs, and Gates was pushtouch down in three minutes of playing. Walbridge kicked goal, making the scure

make no gains and was gradually pushed back. When within a few yards of goal, Trenchard punted, and getting the ball himself on the next down punted again. Lafayette made a fair catch, and being tackled was given fifteen yards. Gates was pushed over with the pigskin after hard struggling and scored the last touchdown. Bray kicked goal, making the score 34 to 9.

Lafayete falled to score after this and W. V. U. had the ball near the centre of the field when time was called. During this half, Jones, Lafayette's centre, and Nethkin, who have had some trouble during the previous games, engared in a sparring match. Their friends interfered before either was hurt. Nethkin claims that Jones has been continually grabbing him around the neck, which is illegal, and Jones repeating it, provoked Nethkin, who would have made short work of him had he not been held back. For the Pennsylvanians, Walbridge, Rinchart and Barctay deserve particular mention, the two former covering themselves with several layers of glory. The West Virginians played the first half without heart, the poor attendance and the lack of confidence in the substitutes making the first teary players feel blue at the etart. Krebbs, Standiford and Wood played their positions, not so good, however, as generally. The line-up of the teams were as follows:

After the Game.

The game was a disastrous one financially, as had been the Parkersburg one. The expected large crowds did not appear, but Saturday's small attendance can be charged to insufficient advertising, yet there were more Wheeling people present than at any football game ever played in this city. The experience gained by W. V. U. from the Lafayette cleven will be beneficial and the tacties will be spring upon the next team lined up against the old gold and blue.

Davis, Lafayette's coach, said after the game. "Trenchard has done great work in bringing up the men under his charge to such a standard in the few months he has had charge of them. We expected to win the Fairmont game 40 to 40. We had our best men against them as to-day, I took off two players at Parkeraburg to save for to-day, thus weakening our team a little, andiew only second one touchdown in that game. W. V. L. had a very weak team to-day, that is, lacking the four players who you see

Constables who tried to serve the warrants were chased off the grounds by a howling mob of spectators and narrowly escaped alive. The police finally dispersed the crowd. Over 150 arrests will be made on the charge of rioting.

"TAKEN IN."

"TAKEN IN."

"I used often to read the newspaper aloud to my wife," said Bert Robinson, "and once I was fairly 'taken in' by a patent medicine advertisement. The seductive paragraph began with a modest account of the seaserpent, but ended by setting forth the virtues of Dr. Pierce's Golden Medical Discovery, which, it was alleged, was a cure for all Bronchial, Throat and Lung troubles, and would even cure Consumption, if taken in time. The way I was taken in was this: I had lung disease, and I bought a bottle of the remedy; I was a stranger to it, and it took me in—and cured me." Robinson's experience is identical with that of thousands of others. So true is this, that after witnessing, for many years, the marvelous cures of Brouchial, Throat and Lung affections wrought by this wonderful remedy, its manufacturers feel warranted in saying that this remedy will cure of percent, of all cases of consumption, if taken in the earlier stages of the disease. This may seem like a bold assertion to those familiar only with the means generally in use for its treatment; as, nasty cod liver oil and its fifthy emulsions, extract of malt, whiskey, different preparations of hypophosphites and suce hike pallitatives.

The photographs of a large number of those cured of consumption, bronchits, lingering coughs, asthma, chronic masal caturniand kindred maladies, have been skillfully reproduced in a book of 1000 pages which will be mailed to you, on receipt of address and at cents in stamps. You can then write those cured and learn their experience.
